## Construction in My Day to Day

Construction has been in my life since I was a little girl. I remember going to school on show and tell one day and bringing one of my dad's old hard hats. I told my class all about his job and all the cool things he did. That moment was just the beginning of construction's positive impact on my life.

As I have gotten older, my dad has instilled in me the idea of hard work. One of the ways he taught me that was through learning construction. Since I was in middle school, I have helped my dad around the house when he was working on some odd project. From handing him tools to even one day helping him put in insulation. Construction helped instill the ideals of hard work into me.

Construction and things I have learned through it help me to this day. Due to my dad being a contractor, I have learned a lot of little things on how to repair stuff. I have repaired cabinets at my job, even tightened a leaky pipe at my school. Construction has taught me how to be able to do repairs on my own.

As my father and my sister both work in the construction trade, it has become a huge part of our family. I always associate the smell of sawdust and dry wall with my dad. Construction and working with my dad has provided many fond memories and will impact my life forever.

To the scholarship committee:

I am pleased to introduce you to \_\_\_\_\_, one of our energetic and deeply engaged students in music education at Southeastern University. \_\_\_\_\_ is very active in our student chapter of the National Association for Music Education, serving as an officer in that organization. \_\_\_\_\_ is also a student worker for the School of Music, so \_\_\_\_\_ is gaining experience in assisting with office work and being entrusted with creating concert programs and other documents that communicate important information to students and those who attend our events. \_\_\_\_\_ has performed well in all those tasks and has earned trust from our faculty and staff.

\_\_\_\_\_ has excelled in \_\_\_\_\_ various classes and always seems excited to meet the challenges of each assignment. \_\_\_\_\_ is an alto in Chamber Singers, the most select vocal ensemble at Southeastern, and \_\_\_\_\_ has participated in Music Theatre productions in which \_\_\_\_\_ has performed as a featured player. \_\_\_\_\_ musical abilities have developed tremendously over the past several years. \_\_\_\_\_ is regarded by our faculty and staff, and by \_\_\_\_\_ peers, as a hard worker and a reliable individual.

I believe that \_\_\_\_\_ will be a very successful teacher. \_\_\_\_\_ has a particular interest in helping students with learning disabilities and physical challenges. \_\_\_\_\_ knowledge of medical and psychological issues which impact student development is extremely impressive. People like \_\_\_\_\_ are desperately needed in American public schools.

I sincerely hope that you will do all you can to assist this very deserving candidate to continue \_\_\_\_\_ education with this scholarship. I am confident that your financial support will be deeply appreciated. It will go to a person who will make a difference in the lives of young people.

Sincerely,

Dr. Daniel A. Gordon, Ph. D.
